Hear Ye! Hear Ye!

Nearly all the psychiatric buffoonery of the Da-Minion is perpetrated at Bozo's Thing Street Sharke Tank C-World Bald-Top Asylum Clown-Show....

Conveniently located right beside the Mighty U of Titz, The Sharke Tank (as alternately styled by fond alumni) trains shrinks for the Da-Minion.

Thousands upon thousands of clients and kin have been TRANSFORMED, not only those whose lives were directly permanently fucked, but anyone who ever got near the place....

All have been benighted by the towering clouds of ignorance that The Institute has generated since its foundation on the anniversary of the centenary of the Da-Minion and the assassination of Julius Caesar, when Dr. Praetorius succeeded Glorious Physician Aldwyn Julie-Baby Stokes as Departmental Chairman, Head Shrink, Maitre d', and Ring-Master-in-Chief at The Sharke Tank....

Shrink culture in the teaching hospitals of Hogtown was entirely stolen from the British Maudsley Circus with its emphasis on phenomenology and sword-swallowing. Doc Praetorius, a fire-eater from Panama University, introduced his new mind reading act... With his beautiful assistant, Trixie Sane....

He always figured Julie-Baby wouldn't make it.... Looking over his shoulder.... Biting his nails.... Going to the bathroom when he didn't have to pee....

Suddenly he wasn't there anymore....

But there was this stain on the carpet....

We hadn't seen anything like it, since talkies came in... Or the invention of television, when they shut down half the cinemas.... Or sound, when they closed the Vaudeville Houses.... It was a palace revolt, in a movie palace.... Anschluss.... The Bijoux Dream....

All the old Vaudevillians from Hogtown Shrink suddenly found themselves on their uppers.... Clarence Bagman Farout pawned his golden pince nez....

Praetorius was a macho stud.... A man's man.... Combining typically Dadanian kind-caringness with the sharp instincts of a riverboat gambler on the Amazon...

It was rumoured his ancestors had slaves....

He said this was one hick town for sure.... The new mind reading act would probably bomb....
